2012

WNA MEMBERSHIP DUES

The West Norwalk Association celebrates its 65th year, 1947 - 2012, one of the oldest neighborhood associations in the country. We address all "quality of life" issues including flooding, loud noise, traffic, road conditions, commercial development at our borders, the city Master Plan, planning & zoning, historic preservation, area beautification, and many other issues.

Become actively involved in the preservation of West Norwalk, by becoming an active and dues-paying member of your Association.

Please understand that ALL OF THE DUES collected are used for direct benefit to the residents. None is used for administration!! All of the Board members serve "pro bono" and give their time freely and generously.

Join us today by returning this application with your 2012 dues payable to the West Norwalk Association and mail to:
